

EU Declaration of Conformity - Packaging

Regulation (EU) 2025/40 - Annex VIII

Chipolo LOOP - 1 pack

Declaration information	Value
Declaration number	PPWR-DOC-C24O-1PACK-Rev1
Product type	Chipolo LOOP - 1 pack
Packaging identification	MPS.0000033.001 MPR.0000094.001 MPR.0000095.001 MPR.0000096.001 MPR.0000099.001 MPR.0000097.001 MPR.0000098.001 MPS.0000044.000 MPS.0000045.000

1. Unique identification of the packaging

This declaration jointly covers the following packaging components, which together make up the Chipolo LOOP 1-pack packaging. The box/sleeve shape and construction are identical across all color variants. Only the printed graphics and spot color differ. The die-cut hang tab and the three-element die-cut insert assembly described in Section 4 are integrated features cut from the same box/sleeve material blank under the listed SKU, not separately numbered components:

Component	SKU	Variant
Universal box	MPS.0000033.001	Shared shape, base for all colors
Sleeve - print variant	MPR.0000094.001	Chalk
Sleeve - print variant	MPR.0000095.001	Charcoal
Sleeve - print variant	MPR.0000096.001	Mint
Sleeve - print variant	MPR.0000099.001	Coral
Sleeve - print variant	MPR.0000097.001	Honey
Sleeve - print variant	MPR.0000098.001	Navy
Sleeve - print variant	MPS.0000044.000	Deep Sunset (limited edition)
Sleeve - print variant	MPS.0000045.000	Morning Mist (limited edition)

2. Manufacturer

Chipolo d.o.o.
Gabrsko 12

3. Sole responsibility

This declaration of conformity is issued under the sole responsibility of the manufacturer.

4. Object of the declaration

Single-use, non-food-contact sales packaging for the Chipolo LOOP tracking tag, 1-pack configuration. The packaging is built on a universal box/sleeve structure (SKU MPS.0000033.001), produced as a printed paper sleeve, together with a die-cut hang tab and a three-element die-cut insert assembly that holds the tracking tag in place. All components are made from woodfree paper, supplied by Baosong Paper (China) via converter Hong Kong Honda. The only surface treatment is an oil-based overprint varnish on the printed graphics; there is no plastic lamination, film coating or composite layer.

This declaration covers all eight standard color/print variants of the sleeve - Chalk, Charcoal, Mint, Coral, Honey, Navy, Deep Sunset and Morning Mist - which are identical in material, construction and dimensions and differ only in printed graphics and spot color.

Flat sleeve blank dimensions: approximately 245 mm x 170 mm. Assembled/folded package footprint is approximately 99 mm x 139 mm x 16 mm.

The quick-start guide, user manual, handling & warranty leaflet and regulatory compliance leaflet packed inside the sleeve are product documentation and are excluded from the packaging composition assessed here.

5. Relevant Union harmonisation legislation

The object of this declaration is in conformity with the requirements under Regulation (EU) 2025/40 of the European Parliament and of the Council of 19 December 2024 on packaging and packaging waste (OJ L, 2025/40, 22 January 2025), including the transitional essential requirement retained by Article 70 from Directive 94/62/EC.

6. Standards, common specifications and technical specifications

With the exception of the transitional essential requirements for packaging minimisation under Article 70(1)(b), no harmonised standards under Article 36 or common specifications under Article 37 of Regulation (EU) 2025/40 are currently available.

To demonstrate and verify conformity, the following harmonised standards (applied as transitional provisions or guidance) and analytical test methodologies were applied:

- Heavy metals concentration limits (Article 5(4)): quantified by ICP-OES/AAS and UV-Vis analysis, in accordance with the accredited laboratory test reports covering the paper and ink components of this packaging.
- Recyclability (Article 6(1)): EN 13430:2004.

- Packaging minimisation (Article 10 / transitional requirement under Article 70(1)(b)): EN 13428:2004.

7. Notified body

Not applicable. The PPWR Annex VII internal production control procedure used for this packaging does not require notified-body intervention.

8. Additional information

The technical documentation required to demonstrate conformity is compiled and maintained in the technical file under reference TF-Chipolo-LOOP-1pack, Version 1.0, dated 07.08.2026.

This declaration applies only while series production remains identical to the assessed configuration for all eight listed color variants.
